

THIS IS MY OFFER

One of the proposals made in the last Annual Conference in Dudley -made by TEC / Denmark- was to make a closer description on the mobility activities we are able to provide for the other partners: mobility for students at school, mobility in companies... which kind of educational VET programs each partner can host.

We would like to present those descriptions during the meeting in Olbia.

Attached to this document you can find an example made by Xabec which was presented in the meeting in Dudley: it is only an example.

Please fill in the following questionnaire and send it to Antonio Mir before 1st of March. Email: antonio.mir@xabec.es.

Name of the Institution:	Savo Vocational College
Name of the person who makes the offer:	Ilkka Kemppainen
Post of the person:	Educational Manager, industrial skills
